Julia C. Iselin has joined Allegro Realty Advisors ("Allegro"), a Northeast Ohio based commercial real estate services firm, as an Associate in the firm's transaction advisory practice serving corporations with real estate needs on a local, national and international basis.

Allegro is a commercial real estate advisory, uniquely structured to provide executive level counsel and seasoned transactional services without the conflicts of interest that exist in conventional brokerages. The firm employs a unique real estate business model with salaried professionals, rather than commissioned salespeople, and provides strategic, analytical and transactional services on a local, national and global basis.

Ms. Iselin serves Allegro's clients by leveraging her background with the corporate services group of a global commercial real estate brokerage network, including extensive experience in Asia Pacific and Latin America. Additionally, Ms. Iselin has provided tenant representation services, applying her analytical and technical skills to in-depth real estate analysis, ranging from market valuations of suburban office buildings to lease reviews for small downtown tenants. Ms. Iselin earned her B.S. in Management Information Systems from Miami University, Oxford, Ohio. She is a licensed real estate sales associate in the State of Ohio.
