Green, Ohio -

Mayor Dick Norton is pleased to announce the addition of Progressive Insurance and 72 jobs to Green. Progressive Insurance has signed a lease for the former Sky Bank location on Massillon Road.

“We are excited to welcome Progressive Insurance to our city,” said Norton. “They have selected a prime location for their office, which I am told will house insurance adjusters, claim representatives, among others.”

Mayor Norton announced the addition of these jobs during his state of the city address on Jan. 29, but was unable to disclose the name of the company at the time.
